Finding 1 more: numbers up to 10

Cuboids/Triangles Name: _____

Write the number that is 1 more.

1 more than 5 =

1 more than 2 =

1 more than 8 =

1 more than 4 =

1 more than 1 =

1 more than 0 =

1 more than 7 =

1 more than 6 =

1 more than 9 =

1 more than 3 =

6 + 1 =

7 + 1 =

4 + 1 =

0 + 1 =

Now try this!

How many chairs are there at your table?

How many chairs would there be if there was 1 more?

Notes for parents

Make sure your child understands the questions: learning to read the words as well as the numbers is a vital part of maths. You may need to discuss the = sign, explaining that it is called 'equals' and means 'is the same value as'.

Finding 1 less: numbers up to 10

Write the number that is 1 less.

1 less than 7 =

1 less than 10 =

1 less than 9 =

1 less than 4 =

1 less than 5 =

1 less than 2 =

1 less than 8 =

1 less than 1 =

1 less than 3 =

1 less than 6 =

8 - 1 =

10 - 1 =

3 - 1 =

1 - 1 =

Now try this!

I have 8 chocolate buttons. I eat 1.
How many have I got now?

Notes for parents

Make sure your child understands the questions: learning to read the words as well as the numbers is a vital part of maths. You may need to remind them of the - sign, explaining that it means take away or subtract.
