

Finding 1 more: numbers 10 to 20

Squares/Circles Name: _____

Write the number that is 1 more.

$1 \text{ more than } 12 = \boxed{}$

$1 \text{ more than } 15 = \boxed{}$

$1 \text{ more than } 18 = \boxed{}$

$1 \text{ more than } 13 = \boxed{}$

$1 \text{ more than } 16 = \boxed{}$

$1 \text{ more than } 10 = \boxed{}$

$1 \text{ more than } 11 = \boxed{}$

$1 \text{ more than } 14 = \boxed{}$

$1 \text{ more than } 17 = \boxed{}$

$1 \text{ more than } 19 = \boxed{}$

$14 + 1 = \boxed{}$

$10 + 1 = \boxed{}$

$16 + 1 = \boxed{}$

$19 + 1 = \boxed{}$

Now try this!

I have 14 stickers.
I get 1 more. How
many have I got
now?

Notes for parents

Make sure your child understands the questions: learning to read the words as well as the numbers is a vital part of maths. You may need to discuss the = sign, explaining that it is called 'equals' and means 'is the same value as'.

Finding 1 less: numbers 10 to 20

Write the number that is 1 less.

1 less than 13 =

1 less than 15 =

1 less than 11 =

1 less than 18 =

1 less than 19 =

1 less than 12 =

1 less than 20 =

1 less than 14 =

1 less than 16 =

1 less than 17 =

20 - 1 =

18 - 1 =

16 - 1 =

14 - 1 =

Now try this!

I have 17 stickers.
I give 1 away. How
many have I got
now?

Notes for parents

Make sure your child understands the questions: learning to read the words as well as the numbers is a vital part of maths. Talk about how '1 less than 13' could also be written as '13 - 1'.
