

# Counting in tens

How many toes can you see in each set?

 _____	<input type="text"/>	 _____	<input type="text"/>
 _____	<input type="text"/>	 _____	<input type="text"/>
 _____	<input type="text"/>	 _____	<input type="text"/>
 _____	<input type="text"/>	 _____	<input type="text"/>
 _____	<input type="text"/>	 _____	<input type="text"/>

Count on in tens to work out the missing numbers below.

## Now try this!

How many fingers do your family have altogether?

## Notes for parents

Talk about the feet and encourage your child to count in tens. You could practise counting in ones, twos, fives or tens at any odd moments in the day – perhaps when travelling in the car, or just before bedtime.
