

Fun Science After School Programme

Dear Parent/Guardian,

I am delighted to inform you that Fun Science are returning to Bicton Primary to run another science themed after school club for an hour a week for **4 weeks from Monday April 25th** which will be filled with action packed, hands on science. **Please note due to the bank holiday there will not be a session on the 2nd May.**

The cost for the 4 week programme is **£24.00** and each week children will either make or be given something to take home with them so that the investigation can continue at home, the activities will be different from this half term so there is always something new to keep your children busy!

If you would like your child/children to attend the club, you can reserve places online and also make the relevant payment by using this link.

If your child is in receipt of PPG please email school directly to have them added to the club.

I look forward to welcoming your child/children to this exciting club.
