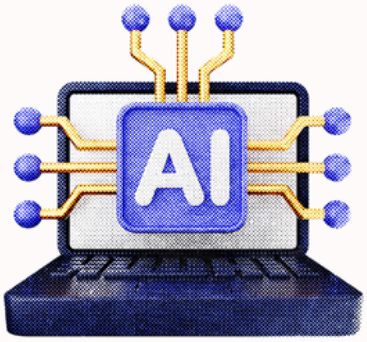
AI ROBOTICS

Afterschool Club_



Are you ready to build the future? Join Jam Coding's exciting new AI Robotics After School Club and become an AI trainer, robot inventor, engineer, and coder!

Train your own machine learning model to recognise your movements and use them to control an AI-powered robot. Build self-driving cars, program robots to copy your dance moves, tackle space missions, complete rescue challenges, and compete in exciting team-based robotics adventures.

Work together to solve problems, test ideas, and create amazing inventions while developing real-world skills in coding, engineering, artificial intelligence, and teamwork.

AI and robotics are the future. Start building yours today.
